

Down to Earth
TRAINING & SAFETY SKILLS

RTO 32328

MOBILE EQUIPMENT OPERATIONS

DURATION

FULL TRAINING

Nominal hours: Mining: From 30 to 40

Civil Construction: From 40 to 240

COURSE OUTLINE

These training programmes provides practical guidance to persons in the workplace on how to safely operate Civil Construction and Surface Extraction Mobile Mining Equipment in the RII environment for the following:

Mining

RIIMPO205E Operate roller / compactor
RIIMPO206D Conduct bulk water truck operations
RIIMPO301E Conduct hydraulic excavator operations
RIIMPO304E Conduct wheel loader operations
RIIMPO308F Conduct tracked dozer operations
RIIMPO309F Conduct wheeled dozer operations
RIIMPO310F Conduct grader operations
RIIMPO312E Conduct scraper operations
RIIMPO319E Conduct backhoe / loader operations
RIIMPO337E Conduct articulated truck operations
RIIMPO338E Conduct rigid haul truck operations
RIISAM212D Service mine plant and equipment

Civil Construction

RIIHAN309F Conduct telescopic materials handler operations
RIIMPO317F Conduct roller operations
RIIMPO318F Conduct CC skid steer loader operations
RIIMPO320F Conduct CC excavator operations
RIIMPO321F Conduct CC wheeled front end loader
RIIMPO323E Conduct CC dozer operations
RIIMPO324F Conduct CC grader operations
RIIMPO326E Conduct water vehicle operations

Each course is designed in conjunction with the client using client equipment, operating environment, procedures and processes.

These training programs are designed specifically to comply with the RII Resources and Infrastructure Industry Training Package for Coal Mining, Metalliferous Mining, Civil Infrastructure, Quarrying (Extractive) and Drilling Industry Sectors and to meet WHS Act and Regulations PCBU obligations by training in the following:

- Planning and preparation
- Pre and post operational checks
- Safe operations in accordance with OEM
- Practical skill development for production outcomes
- Relocation and maintenance
- Attachment selection, fitting and removal of GETS
- Relocation and maintenance

Face to face classroom delivery will be used to facilitate the underpinning knowledge requirements.

COURSE OUTLINE CONTINUED

Day 1: Class based – Required knowledge (Practical training)
Day 2: Practical training – Out of production (Own equipment)
Day 3: Individual training plans developed in conjunction with client.
Ongoing coaching is in line with student and client need until competency is achieved in line with RII, competency standards and client requirements.

ASSESSMENT

Formal assessment shall be conducted when the candidate has completed their own self-assessment and in conjunction with the client it is agreed the trainee is ready for assessment.

LANGUAGE LITERACY & NUMERACY (LLN)

To complete these courses successfully, participants need to have reasonably well developed skills in areas such as reading, writing and communication.

Examples of activities that participants will need to perform include:

- Read, interpret, clarify & confirm work requirements
- Identify & address potential risks, hazards & environmental issues
- Implement control measures
- Operate in accordance with site procedures & OEM
- Communicate activities with others
- Process written records

LEGISLATION/COMPLIANCE

This training is designed specifically to comply with:

- RII Resources and Infrastructure Industry Training Package
- Qld WHS Act and Regulations
- Coal Mining Act and Regulations
- Mining & Quarrying Act and Regulations
- RTO Standards 2015

Participants who demonstrate competency by successfully completing classroom & practical activities, complete logged hours shall be assessed for competence & will receive a Statement of Attainment.

BENEFITS

- Practical skills obtained to perform the job productively
- Provides participants with a clear understanding of current best practice machine operations in the workplace
- Contributes to a PCBU's due diligence profile

WHO SHOULD ATTEND?

Any person who is employed and wants to operate earth moving equipment in the workforce.

PREREQUISITES

The prerequisites for this course are to be gainfully employed & have access to suitable mobile equipment to facilitate the training and assessment pathways.

RECOGNITION OF PRIOR LEARNING

There are provisions for recognition of prior learning for the training.

LOCATION OF TRAINING

These training courses will be conducted onsite.

COURSE COSTS

Course costs shall be negotiated with the client on a case by case basis.

BOOKINGS

Call 07 4972 0709 to make a booking for this training.

PAYMENT METHOD

Payments can be made via direct debit:

Westpac Banking Corporation
Down To Earth Results Pty Ltd
BSB: 034 126 ACC: 234 764

or by VISA/MasterCard.

CONTACT US

Please contact DTE administrator to discuss your needs or queries regarding training & dates for these courses.

REFUND POLICY

DTE has a fair and equitable refund policy in place containing guidelines guaranteeing the refund of fees to participants under reasonable circumstances.

The management guarantees that DTE has a sound financial position and safeguards participant fees until used for training. Please ask for a copy of the refund policy.

We stand by our training excellence 100% and guarantee our product. Should for some valid reason the training does not meet your expectations we shall provide a full refund.

COMMITMENT

Our facilities and experienced instructors ensure that graduates of our courses leave equipped with the knowledge and skills required for safe work in their chosen field with the breadth and depth of knowledge required for the role. In addition we offer an on-going support service to all course participants including student drop in contact days on a monthly basis.
